

CURLYTAILSA

THE 1ST CRYPTO BANK

OWNED BY THE PEOPLE
FOR THE PEOPLE

Our mission is helping everyone in the world convert and use their crypto to purchase anything they desire worldwide.

There's almost 400 Billion dollars in crypto now.
By the end of the year will be about 1 trillion and it's still very hard to use crypto to just purchase a coffee at the local Starbucks.

This is because crypto is still a very new technology, or is it?
Crypto is just digital money, nothing new!

Cash is really an old way of thinking.

Most businesses don't really want cash, it's not safe and banks are now charging fees to deposit cash over certain amounts.

Our bank will give out debit cards and checks on demand with funds backed by GOLD.

Once you transfer your crypto or fiat money into your account, you are able to use it ASAP.

We are giving credit to the world.
If you have a job you have credit to buy an apartment, house, car, motorcycle and so on.

This is a bank for the people owned by the people.

We are selling 500 million bank coins and every owner of the Gold Bank Coin owns a piece of the bank.

THE COIN VALUE PROJECTIONS

After 3 weeks, the friends & family pre-sale is over. The coin price will be \$0.67 cents per coin. Then after 14 days it will raise to \$0.87 cents. 3 weeks after that it will be \$1.00 per coin.
